Old Testament Readers

A stated goal of the Worship and Music Ministry Team is to find ways to involve members in the public worship. The Pastors have affirmed they wish this to happen, and are pleased to invite members to read the Old Testament scriptures during the worship services.

The scripture reading for each Sunday is printed on the church's weekly newsletter mailed to your home. If in doubt, call the church office and ask the secretary for the Sunday's scripture.

The following are folks who said YES to reading during the worship services. The names are listed in no particular order and you are not limited to names on this list. The list is merely a compilation of previous schedules and other lists. We always welcome additional names to add to our list of readers.
