WELCOME

St. Simons Presbyterian Church has a long history of hosting weddings and is committed to making yours a joyful and sacred occasion. Christian marriage, in the Reformed tradition, is a covenant in which God has an active part. The sanctity of the promises the Couple make to each other before God and as witnessed by their family and friends should remain the focus as you plan the worship service of marriage.

The many details of a wedding ceremony can be overwhelming! This policy provides the guidelines and procedures to assist as you plan. Please share this policy with your wedding party and all vendors. By signing the Wedding Contract, you are agreeing that all involved with your wedding understand and adhere to the policies.

50% of fee (deposit) is due upon approval of the ceremony date and time. The balance is due 30 days before the wedding date.

WEDDING PLANNING

The planning process of a Wedding Ceremony at SSPC will follow the PCUSA Directory for Worship. Certain worship elements such as Scripture readings and prayers will be included. Couples are required to meet with the Pastor in a timely manner to discuss the Christian aspects of marriage, relationship dynamics and legal requirements.

WEDDING LICENSE: A marriage license must be obtained for the Pastor to perform a wedding ceremony. Please bring the marriage license to the Rehearsal. The Pastor will fill out and return to the probate court after the ceremony.

Information about securing a marriage license in the state of Georgia and Glynn County can be found at this link: <https://glynncounty.org/190/Marriage-License>

WEDDING PLANNER: Whether a professional or a family member experienced with weddings, SSPC recommends choosing a Wedding Planner to assist at the Wedding Rehearsal and the Wedding Ceremony. At the Rehearsal, the Pastor along with the Wedding Planner will make sure all in the wedding party are comfortable with their roles during the Ceremony. The SSPC Wedding Coordinator and Hostess will be available to work closely with the Couple's Wedding Planner/Director but do not serve as one.

MUSIC: According to the PCUSA Book of Order, "Such music as accompanies the service should be to the Glory of God who sanctifies marriage."

All music selected should be appropriate for a true service of worship and be approved in advance by the Pastor. If the Couple wishes to have a Guest Organist, they must be approved and have a consultation with SSPC Director of Music and Organist. There is no reduction in fee if the Organ is not played for your service.

INSTRUMENTS: SSPC provides a Steinway B Grand Piano and a 40 rank Schantz Pipe Organ with an antiphonal in the back of the church.

Other instrumentalists may be hired in addition to the Organist or pianist and are contracted outside this agreement. The Director of Music will provide names of approved local and regional professionals.

VOCALISTS: The SSPC Director of Music is available to perform or provide names of other local professionals.

VENDORS: The Couple and their Wedding Planner will make sure all vendors understand and adhere to the Wedding Policy as it pertains to the use of the church grounds and Sanctuary, decorating and making deliveries. No furnishings in church may be moved without permission from Wedding Coordinator.

The church will be open 4 hours prior to the ceremony for set up, decorating and photography.

PHOTOGRAPHER: Photographs may be taken in any of the reserved rooms inside the Church or on the Church grounds beginning 4 hours prior to Ceremony. No photos should be taken in the Sanctuary one hour before Ceremony but may resume for one hour at the conclusion of the Ceremony.

During the Ceremony, photographers should remain in the back of the Sanctuary and not block any guests view of the service. Cameras should be silent and used with available light. Unmanned small cameras may be placed closer if they are not visible to the guests.

Couples may remind their guests in the program to not use cell phones to take photos or video. Phones should be silenced and only used for emergencies.

VIDEOGRAPHER: During the Ceremony, cameras used for video should be stationary, silent and use the light available in the back of the Sanctuary. Cameras should be in place before the prelude music begins 30 minutes prior to the wedding party entrance for ceremony.

FLOWERS: Your florist will need to discuss plans for all arrangements to be in Sanctuary with the Wedding Coordinator before decisions are final. Most often, a planter or two is placed on the wall in the chancel area and pew markers are placed with ribbons on the ends of pews. No floral arrangements or plants should be placed on any furnishings in the Sanctuary. Plants or arrangements may be placed on the floor if saucers are used.

All floral arrangements and/or plants should be removed from Sanctuary one hour after the Ceremony.

SSPC has a Flower Ministry that can distribute flowers to those who need them if you wish to donate them. Please complete the part of Wedding Policy contract if you want your flowers to be used for Sunday Worship and/or our Flower Ministry.

CANDLES: Candles must be dripleless, unscented and in holders that are safe. The wall in the chancel area is a good place for candles. SSPC has two oil-filled tapers and acolyte wand for lighting. The Wedding Coordinator can discuss with you options for candles.

PROGRAM: The Pastor and Organist will guide you in the information that you will need to include on your Wedding Program. SSPC does not print Wedding Programs. Please bring your program to your Rehearsal for the Pastor to use for directing.
